Title : Paper Folding of a Dog (Do either 6A or 6B or 6C)

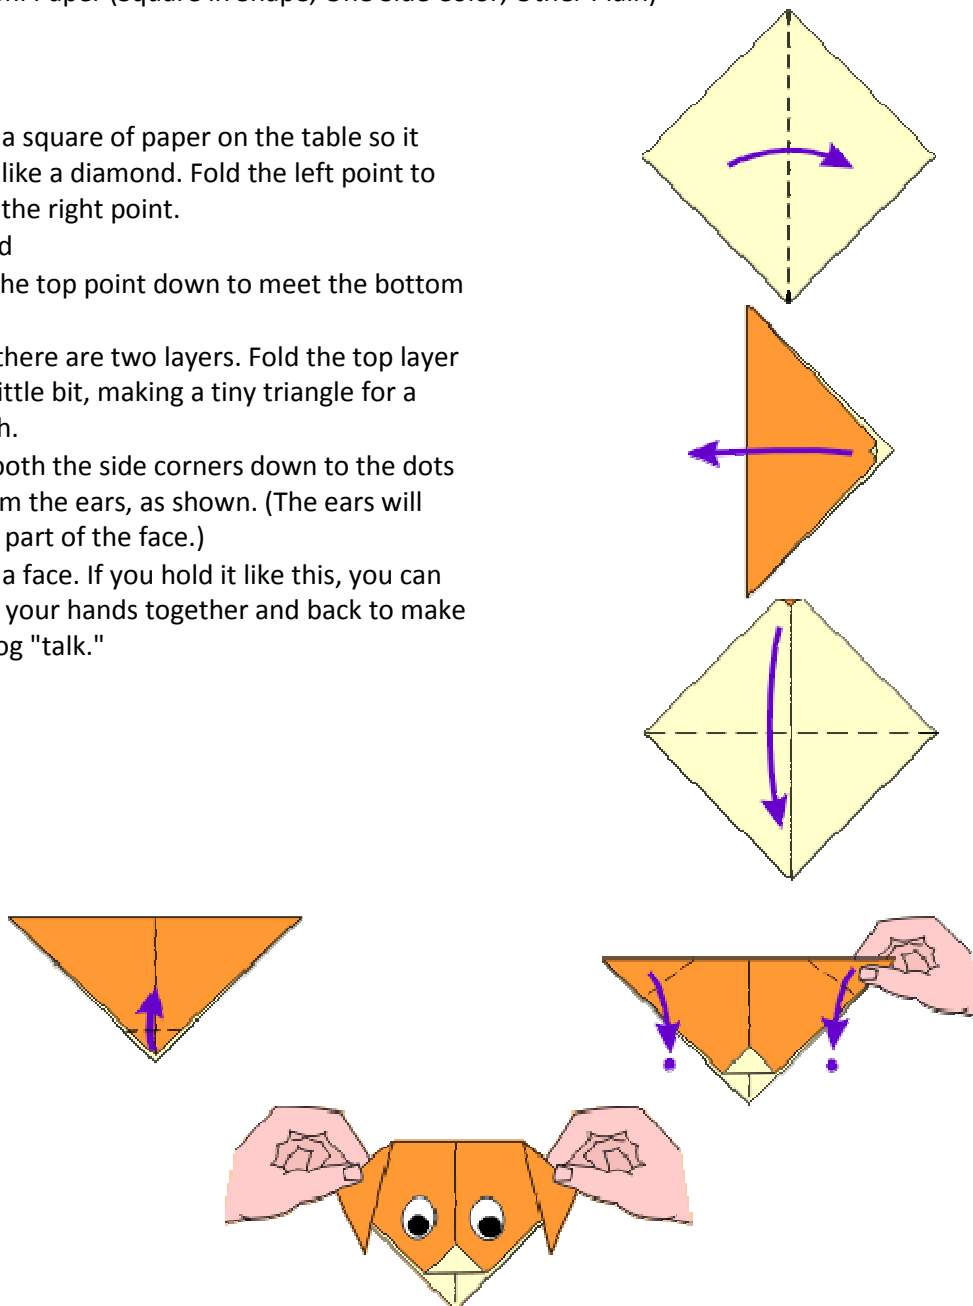

**Do any one PAPER FOLDING Activity.**

Material Required

- Origami Paper (Square in Shape, One Side Color, Other Plain)

Instructions

- Place a square of paper on the table so it looks like a diamond. Fold the left point to meet the right point.
- Unfold
- Fold the top point down to meet the bottom point
- Now there are two layers. Fold the top layer up a little bit, making a tiny triangle for a mouth.
- Fold both the side corners down to the dots to form the ears, as shown. (The ears will cover part of the face.)
- Draw a face. If you hold it like this, you can move your hands together and back to make the dog "talk."

Title : Paper Folding of a Cat (Do either 6A or 6B or 6C)

*Do any one PAPER FOLDING Activity.*

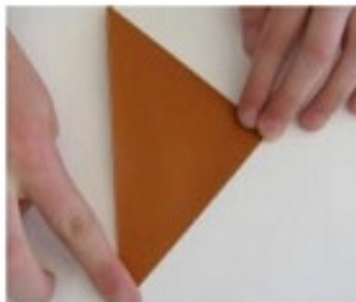

## Origami Cat

This is probably the easiest of our origami animals, so it is perfect for beginners. It looks great on a greetings card with a bow under its chin, or tape it to a wooden spoon to make a puppet. If you use a very large piece of paper you could even make a mask!

We have used stick-on googly eyes and a black marker to draw our cat's features.

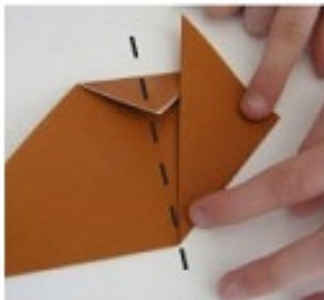

1. Start by folding your square in half diagonally, and creasing carefully.

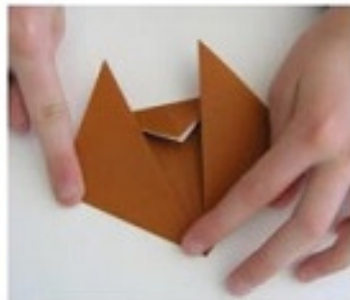

2. Fold your triangle in half again to form a crease. Open it back out again.

3. Take the top point of the triangle and fold it down along the crease, about 1/4 of the way.

4. Take one of the bottom corners and fold it up, taking it at an angle as shown in the photo above. The point will form the cat's ear.

5. Fold the other corner up too.

6. Turn the model over, and add your cat's features!

Title : Paper Shirt for Dad (Do either 6A or 6B or 6C)

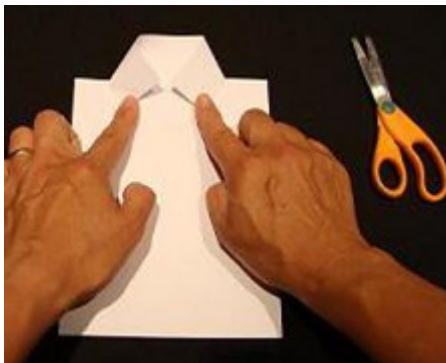

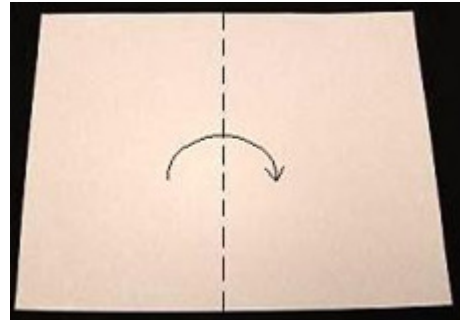

**Do any one PAPER FOLDING Activity.**

Material Required

- Origami Paper (Square in Shape, One Side Color, Other Plain)

Instructions

- Place the paper on table. Fold the left point to meet the right point vertically.
- Unfold
- Fold the top layer a little, put a line on both the sides and cut those lines safely with the help of scissors.
- Now fold those parts safely so that it looks like the collars a shirt.
- Your shirt is almost ready , now place buttons on it.
- Draw a pocket on one side (Optional).
- You can also draw some designs on it for fun.

Title : Origami Fish

Material Required

- A4 Sheet (Colored), Scissors (Supervised), Sketch Pens.

Instructions

- Start by folding a square piece of paper diagonally (both sides) and in half (one side) – crease and unfold each time as shown.
- Hold the paper as indicated with blue spots and fold towards the center to get a triangle shape.
- Now there are 2 Triangles back to back.
- Now hold the right bottom corner of one triangle and fold it towards the center along the crease as shown.
- Do the same with the other corner.
- We now have our fish tail.
- Draw eyes and mouth on the other side of the fish.
